H&H'S SECOND ANNUAL LIST OF THE TOP CANADIAN DESIGNERS CAPTIVATING US TODAY.

Text WENDY JACOB

The H&H 100

LAST YEAR, we launched our first-ever list of the 100 designers in Canada whose work we most admire. It was an exciting feature and the beginning of a new annual tradition. This year, we've bumped seven designers up the ranks to our **Hall of Fame**, in celebration of their status as past H&H Designers of the Year. And, frankly, to make room for our nine new additions to the list. Welcome newbies! Look for the **NEW** flag beside their listings. We salute you, and all the designers whose work has graced our pages for decades.
